# CHI SIAMO ABOUT US

Fondata nel 1990, Etrusca Italia è oggi una realtà consolidata la cui professionalità, impegno e qualità permettono all’azienda di essere presente su mercati di alto livello, sia italiani che esteri. Le collezioni di Etrusca Italia sono introdotte sul mercato solo dopo attenti e meticolosi studi sull’estetica, praticità, facilità di installazione e scrupolosi controlli di qualità. L’esperienza del nostro personale e la costante ricerca di design e componenti, ci permettono di rispondere alle esigenze di una clientela sempre più attenta ai dettagli. L’affermazione del brand Etrusca Italia, a livello nazionale ed internazionale, è dovuta alla continua ricerca dell’eccellenza nella qualità e di un design unico, con un’elevata dedizione al “Made in Italy”. Al fine di raggiungere i più alti standard qualitativi, all’interno del processo di produzione, viene impiegato personale altamente qualificato e materie prime di assoluta qualità. La filosofia di Etrusca Italia nella realizzazione delle sue collezioni è improntata, oltre che alla ricerca di estetica e design, al rispetto dell’ambiente, processi di lavorazione, scelta di materiali e imballi riciclabili.

Established in 1990, Etrusca Italia is today a consolidated reality whose professionalism, commitment and quality allow the company to be present on high-level markets, both Italian and foreign. Etrusca Italia’s collections are introduced on the market only after careful and meticulous studies on aesthetics, practicality and ease of installation, and scrupulous quality controls. The experience of our staff and our effort to create original components, enable us to offer a satisfactory answer to current demands which it is always more attentive to details. Affirmation of Etrusca Italia brand, on national and international level, is due to a continuous pursuit of excellence in quality and unique design, with a high dedication to “Made in Italy”. In order to achieve the highest qualitative standards during the manufacturing process, only highly trained staff and the highest quality raw materials are used. Etrusca Italia philosophy on the production of its collections consists in research of aesthetics and design quality, with respect for the environment, by choosing recyclable packaging.

# TERRITORIO TERRITORY

Etrusca Italia Srl ha sede a Colle di Val d'Elsa, a metà strada tra Siena e Firenze, rinomata zona per la produzione del cristallo. Molto vicino a San Gimignano, paese citato anche da Dante Alighieri nella sua “Divina Commedia” ed alle colline del Chianti, in questa zona si respira un’aria carica di vitalità, un piccolo angolo di paradiso tutto da scoprire, dove passato e presente si fondono, dove il rispetto della tradizione e l’apertura all’innovazione caratterizzano il modo di pensare e di agire e dunque anche il nostro modo di lavorare, di produrre e di vivere.

Halfway between Siena and Florence, Etrusca Italia Srl is headquartered in Colle di Val d'Elsa, a renowned area for crystal production. Very close to San Gimignano, a town also mentioned by Dante Alighieri in his “Divina Commedia” and to the Chianti hills, in this area you can breathe an air full of vitality, a small corner of paradise to be discovered, where past and present fuse, where respect for tradition and openness to innovation characterize the way of thinking and acting and therefore also the way we work, produce and live.

# CARATTERISTICHE FEATURES

## SPECCHIO ECOLOGICO

Etrusca Italia utilizza solo specchi ecologici che nascono da un processo di produzione in linea con il rispetto per l'ambiente. Assolutamente esenti da sostanze tossiche, i nostri specchi garantiscono la salute e il comfort degli ambienti da arredare: un prodotto di qualità e durevole nel tempo che esalta gli tutti gli ambienti rendendoli più luminosi. Gli specchi ECOLOGICI di Etrusca Italia possono essere collocati in diversi contesti: da quello privato, a quello professionale, come palestre, alberghi, centri commerciali, negozi, ristoranti e altro, assecondando la creatività di architetti e designer, senza impattare negativamente sull'ambiente.

## ECOLOGICAL MIRROR

Etrusca Italia uses only ecological mirrors that arise from a production process in line with respect for the environment. Absolutely free from toxic substances, our mirrors guarantee the health and comfort of the environments to be furnished: a quality and long-lasting product that enhances all environments making them brighter. Etrusca Italia's ECOLOGICAL mirrors can be placed in different contexts: from the private one to the professional one, such as gyms, hotels, shopping centres, shops, restaurants and more, indulging the creativity of architects and designers, without negatively impacting the environment.

## ALTA CAPACITÀ PROGETTUALE

La nostra Azienda, data la sua alta flessibilità in termini produttivi, riesce a soddisfare anche le richieste della Clientela più esigente: attraverso uno staff tecnico particolarmente preparato, lavorando anche sul disegno del Cliente finale, può realizzare articoli di dimensioni e designs esclusivi, non solo per la casa ma per qualsiasi ambiente. Alcuni modelli presenti in catalogo, possono essere prodotti nella misura desiderata su richiesta specifica del Cliente. Il nostro reparto tecnico è costantemente impegnato nello sviluppo produttivo e nella ricerca di materiali sempre più innovativi ed all'avanguardia per presentare continuamente nuove soluzioni.

## HIGH DESIGN CAPACITY

Our Company, given its high flexibility in terms of production, is able to satisfy even the requests of the most demanding customers: through a particularly trained technical staff, also by working on the design of the final customer, we can realize articles in exclusive sizes and designs, not only for the home but for any ambient. Some models in the catalogue can be produced on desired size upon specific customer's request. Our technical department is constantly engaged in production development and in the search for increasingly innovative and cutting-edge materials to continuously present new solutions.

STRISCE LED AD ALTA EFFICIENZA

Dove non sono utilizzate le COB, Etrusca Italia garantisce, per l'illuminazione dei propri specchi, le strisce led ad alta efficienza luminosa, 1350 lm/W che risultano essere tra le piu' performanti in commercio. L'efficienza luminosa è il rapporto tra il flusso di luce emessa (espresso in lumen-Lm) e la potenza assorbita (espressa in watt-W). Questo valore è utile per capire quanto una striscia led possa essere performante in rapporto al risparmio energetico offerto. La potenza della striscia utilizzata per illuminare i nostri specchi è di 7,5 W/m, disponibile con emissione luce:

- Bianco caldo – 3000K
- Bianco naturale – 4000K
- Bianco freddo – 5500K

HIGH EFFICIENCY LED STRIPS

Where COBs are not used, Etrusca Italia guarantees, for the lighting of its mirrors, high luminous efficiency LED strips, 1350 lm/W, which are among the best performing on the market. Luminous efficiency is the ratio between the flux of light emitted (expressed in lumen-Lm) and the power absorbed (expressed in watt-W). This value is useful for understanding how performing a LED strip can be in relation to the energy savings offered. The power of the strip used to illuminate our mirrors is 7,5 W/m, available with light emission:

- Warm white – 3000K
- Natural white – 4000K
- Cold white – 5500K

STRISCE LED COB

Le strisce led COB (acronimo di “Chip On Board”) permettono di creare linee di luce omogenee prive del classico effetto puntinato ed offrono un ampio angolo di diffusione a 180 gradi, anche su profili senza diffusore o con strip a vista. La striscia led COB, viste le differenze sopra elencate, è diversa rispetto ad una tradizionale ed perfetta per essere utilizzata sugli specchi destinati all'ambiente bagno e non. Una delle sue caratteristiche principali, come sopra citato, è il suo a angolo di emissione luce, in quanto la striscia led classica ha un angolo di emissione di 120 gradi, contro quello della COB che, invece, è di 180 gradi. Oltre a questo, l'alta densità di led consente alla striscia COB di aver maggiore flessibilità e più resistenza alle torsioni. La potenza della striscia COB utilizzata per illuminare i nostri specchi è di 9,5 W/m ed è disponibile nelle seguenti varianti di colorazione luce:

- Bianco caldo – 3000K
- Bianco naturale – 4000K
- Bianco freddo – 5500K

COB LED STRIPS

LED strips (acronym for “Chip On Board”) allow you to create homogeneous lines of light without the classic dotted effect and offer a wide 180 degree diffusion angle, even on profiles without diffuser or with visible strips. The COB led strip, given the differences listed above, is different from a traditional one and perfect for use on mirrors intended for the bathroom and otherwise. One of its main features, as mentioned above, is its light emission angle, as the classic LED strip has an emission angle of 120 degrees, against that of the COB which, however, is 180 degrees. In addition to this, the high density of LEDs allows the COB strip to have greater flexibility and more resistance to twisting. The power of the COB strip used to illuminate our mirrors is 9,5 W/m and is available in the following light color variants:

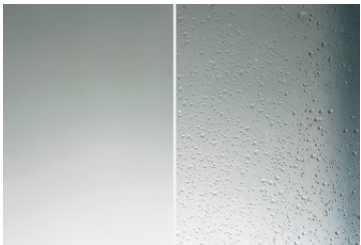

- Warm white – 3000K
- Natural white – 4000K
- Cold white – 5500K

OPTIONALS

220V

APP

Sistema antiappannamento a 220V - 220V Stop vapor system

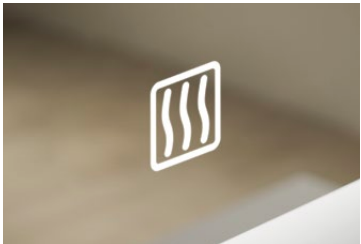

E' un pannello adesivo di sottile spessore che si installa dietro lo specchio e permette, quando lo stesso è acceso, di evitare l'appannamento della superficie riflettente. Permette una temperatura massima sullo specchio di +20°C. Marcatura CE e ROHS. IMPORTANTE: per poter funzionare, il sistema deve essere collegato direttamente alla corrente, quindi necessita di un interruttore a parte e non funziona con quello nello specchio.

It is an adhesive panel of thin thickness that is installed behind the mirror and allows, when it is switched on, to avoid fogging of the reflective surface. It allows a maximum temperature on the mirror of + 20 °C. CE and ROHS marked. IMPORTANT: in order to work correctly, the system must be connected directly to the power supply, therefore it needs a separate switch and it does not work with the one (possibly installed) in the mirror.

12V

APP2

Sistema antiappannamento a 12V- 12V Stop vapor system

E' un pannello adesivo di sottile spessore che si installa dietro lo specchio e permette, quando lo stesso è acceso, di evitare l'appannamento della superficie riflettente. Permette una temperatura massima sullo specchio di +20° C. Marcatura CE e ROHS. IMPORTANTE: il sistema è comandato da un interruttore presentato sullo specchio attraverso un'icona.

It is an adhesive panel of thin thickness that is installed behind the mirror and allows, when it is switched on, to avoid fogging of the reflective surface. It allows a maximum temperature on the mirror of + 20 ° C. CE and ROHS marked. IMPORTANT: the system is controlled by a switch presented on the mirror through an icon.

x3

ING

Specchio ingranditore - Magnifying mirror

Ha un diametro di 130 mm e permette un ingrandimento di 3 volte. Lo specchio ingranditore viene posizionato sul lato DESTRO, a 300 mm dal basso. In alcuni casi è possibile sceglierne la posizione di installazione al momento dell'ordine: a tal proposito, si prega di contattare l'Azienda per maggiori informazioni.

It has a diameter of 130 mm and allows a 3 times magnification. The magnifying mirror is positioned on the RIGHT side, 300 mm from the bottom. In some cases it is possible to choose the installation position at the moment of the order: in this regard, please contact the Company for further informations.

x3

INGLED

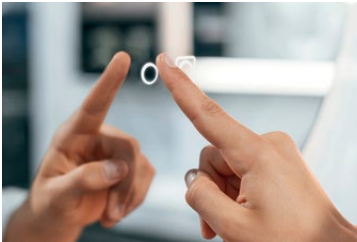

Specchio ingranditore led - Led magnifying mirror

Ha un diametro di 130 mm, una sabbiatura retroilluminata led di 170 mm e permette un ingrandimento di 3 volte. Lo specchio ingranditore retroilluminato viene posizionato sul lato DESTRO, a 300 mm dal basso. In alcuni casi è possibile sceglierne la posizione di installazione al momento dell'ordine: a tal proposito, si prega di contattare l'Azienda per maggiori informazioni. La retroilluminazione si accende e spegne insieme a quella di tutto lo specchio.

It has a diameter of 130 mm, a 170 mm led backlit sandblasting and allows a 3 times magnification. The backlit magnifying mirror is positioned on the RIGHT side, 300 mm from the bottom. In some cases it is possible to choose the installation position at the moment of the order: in this regard, please contact the Company for further informations. The backlighting turns on and off together with that of the entire mirror.

TOUCH

Interruttore on/off a sfioramento - On/off touch switch

E' un interruttore di forma circolare con luce di cortesia che permette di accendere e spegnere lo specchio, sfiorandolo. E' posizionato in basso a DESTRA sul lato lungo dello specchio (se l'articolo è di forma rettangolare) oppure in basso (se è di forma circolare).

It is a circular switch with courtesy light that allows you to turn the mirror on and off by touching it. It is positioned at the bottom RIGHT on the long side of the mirror (if the article is rectangular in shape) or at the bottom (if circular).

BLT

Sistema bluetooth - Bluetooth system

Questo sistema permette di riprodurre files multimediali da un apparecchio dotato di sistema Bluetooth ®, attraverso una fonte sonora montata sullo specchio! Il sistema è del tutto “invisible”, in quanto si nasconde sul retro del vetro, non essendo una cassa con membrana, ma un «Sound Exciter», che elimina la necessità di integrare esteticamente le casse acustiche con il design dello specchio. Il «Sound Exciter» è un dispositivo audio capace di far suonare il pannello specchiante come se fosse un vero e proprio strumento musicale: si attacca con adesivo sul retro dello specchio e diffonde le vibrazioni del suono tramite la superficie stessa. ATTENZIONE: non è utilizzabile per la conversazione telefonica.

This system allows you to play multimedia files from a device equipped with the Bluetooth ® system, through a sound source mounted on the mirror! The system is completely “invisible”, as it hides on the back of the glass, not being a case with a membrane, but a “Sound Exciter”, which eliminates the need to aesthetically integrate the speakers with the design of the mirror. The «Sound Exciter» is an audio device capable of making the mirror panel play as if it were a real musical instrument: it attaches with adhesive to the back of the mirror and spreads sound vibrations through the surface itself. ATTENTION: it cannot be used for telephone conversation.

CVAR

Variazione colore led - Led color variation

Sui nostri specchi sono normalmente installati led a 4000 Kelvin (luce naturale) tuttavia, su alcuni modelli, è possibile variare il colore della luce utilizzando strisce led a 3000 (luce calda) o 5000 Kelvin (luce fredda).

Leds at 4000 Kelvin (natural light) are normally installed on our mirrors, however, on some models, it is possible to vary the color of the light using 3000 (warm light) or 5500 Kelvin (cold light) LED strips.

Pellicola di sicurezza - Safety film

Su alcuni dei nostri modelli è possibile inserire, a richiesta, la pellicola di sicurezza. In caso di rottura del vetro, una membrana invisibile e resistente trattiene i pezzi di vetro rotti. Il vetro esplode ma rimane al suo posto, preservando così la sicurezza delle persone e delle attrezzature. Rispondendo alle norme di sicurezza più severe, le pellicole di sicurezza bruciano senza creare o diffondere fiamme. Anche in queste condizioni estreme, mantengono le loro proprietà: il vetro non si frantuma sotto l'effetto del calore.

On some of our models it is possible to insert, on request, the safety film. In the event of glass breakage, an invisible and resistant membrane retains the broken glass pieces. The glass explodes but remains in place, thus preserving the safety of people and equipment. Meeting the strictest safety standards, the safety films burn without creating or spreading flames. Even in these extreme conditions, preserving their properties: the glass does not shatter under the effect of heat.

## Specifiche tecniche | Technical features

- Spessore specchio: 4 mm
  - Cornice in metallo
  - Illuminazione a luce diretta
  - Striscia led alta efficienza 7,5 W/m, 1350 lm/m, IP65 (nano waterproof)
  - Alimentatore: Vin 230-240 Vac 50/60 Hz, Vout 12Vdc, IP44
  - Temperatura colore 4000 Kelvin
  - Protezione IP44
  - Reversibile
- Mirror thickness: 4 mm
  - Frame in metal
  - Direct light illumination
  - 7,5 W/m, 1350 lm/m high efficiency led strip, IP65 (nano waterproof)
  - Power supply: Vin 230-240 Vac 50/60 Hz, Vout 12Vdc, IP44
  - 4000 Kelvin color temperature
  - IP44 protection
  - Reversible

RAY - RAY/500

# TIME

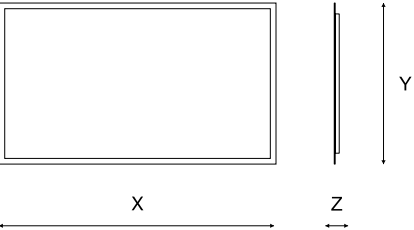

## Specifiche tecniche | Technical features

- Spessore specchio: 4 mm
  - Illuminazione con sistema “diffusion”
  - Striscia COB led 9,5 W/m, 950 Lm/m, IP65, CRI>90, luce uniforme
  - Alimentatore: Vin 230-240 Vac 50/60 Hz, Vout 24Vdc, IP44
  - Temperatura colore 4000 Kelvin
  - Protezione IP44
  - Reversibile
  - Possibilità di realizzazione su misura
- Mirror thickness: 4 mm
  - Illumination with “diffusion” system
  - 9,5 W/m COB led strip, 950 Lm/m, IP65, CRI>90, uniform light
  - Power supply: Vin 230-240 Vac 50/60 Hz, Vout 24Vdc, IP44
  - 4000 Kelvin color temperature
  - IP44 protection
  - Reversible
  - Possibility of custom made

The figure consists of two parts. On the left is a photograph of a semi-circular light source, possibly a LED strip, mounted on a wall. It emits a soft, diffused light. On the right is a schematic diagram. It shows a semi-circle with a horizontal radius labeled 'X'. To the right of the semi-circle is a vertical line representing a wall or screen. The height of this line is labeled 'Y', and its thickness is labeled 'Z'.

\*\*\* It is installed is positioned on the RIGHT side of the mirror, 300 mm from the bottom. It can also be placed in different positions: in this regard, contact the Company for feasibility (15% increasement on the price).

The figure consists of two schematic diagrams. The left diagram shows a circular cross-section of a ring, with a horizontal double-headed arrow below it labeled with the symbol  $\varnothing$  representing the diameter. The right diagram shows a longitudinal section of the same ring, with a vertical double-headed arrow to its right labeled with the letter  $Y$  representing the height, and a horizontal double-headed arrow below it labeled with the letter  $Z$  representing the thickness.

[illegible]

Specchio a filo lucido rotondo con sabbiatura interna mm.10 retroilluminata  
led\_Polished edge round mirror with mm.10 led backlit internal sandblasting

A diagram of a rectangular plate. The plate is represented by a large rectangle with a smaller rectangle inside it, creating a border. The horizontal dimension is labeled 'X' with a double-headed arrow below the plate. The vertical dimension is labeled 'Y' with a double-headed arrow to the right of the plate. A small dimension 'Z' is indicated at the bottom right corner with a double-headed arrow, representing the thickness of the plate.

[illegible]

Specchio a filo lucido con sabbiatura interna mm.30 retroilluminata led  
 Polished edge mirror with mm.30 led backlit internal sandblasting

A diagram of a rectangular plate. The horizontal dimension is labeled 'X' with a double-headed arrow below it. The vertical dimension is labeled 'Y' with a double-headed arrow to its right. A small vertical dimension on the right edge is labeled 'Z' with a double-headed arrow below it.

Specchio con sabbiatura superiore ed inferiore mm.40 retroilluminata led  
Mirror with mm.40 led backlit upper and lower sandblasting

Specchio a filo lucido con angoli stondati e sabbiatura interna mm.10  
retroilluminata led\_Polished edge mirror with rounded corners and mm.10 led  
backlit internal sandblasting

MODELLI SU MISURA  
MADE ON MEASURE MODELS

Come ordinare gli specchi su misura

- Scegliere l'articolo e misura desiderati, ad esempio modello **RUSH in finitura nero opaco**, nella misura di **mm.1350x650** (ovvero cm.135x65);
- Calcolare l'area: **135x65=8775 cm2**;
- L'area dell'articolo desiderato è compresa nell'**intervallo da 7501 a 10700 cm2** ed il relativo prezzo è pari ad **Euro 547.00**;
- In caso di interesse, è possibile eventualmente installare gli optional specificati per il modello e misura di riferimento;
- Il codice articolo per l'ordine, in questo caso, è **RSH/XY/NE** e sarà necessario specificare la dimensione desiderata.

How to order made to measure mirrors

- Choose the desired article and dimention, for example **RUSH** model, **matt black finishing** in **mm.1350x650** (ovvero cm.135x65);
- Calculate the area: **135x65=8775 cm2**;
- The area of the desired article is in the range from **7501 a 10700 cm2** and the relative price is **Euro 547.00**;
- In case of interest, it is possible to install optionalns specified for the reference model and size;
- The article code for the order, in this case, is **RSH/XY/NE** and it will be necessary to specify the desired size.

CONDIZIONI DI VENDITA  
SALES CONDITIONS

←TRV→A

Le presenti condizioni generali di vendita si intendono note ed accettate espressamente dal committente per qualsiasi tipo di ordine trasmesso ad Etrusca Italia Srl sia direttamente, mezzo fax o telefono che tramite agenti o funzionari di vendita della medesima ditta.

1) VALIDITA'

Il presente listino decorre dal 01/01/2024. Etrusca Italia Srl si riserva il diritto di apportarvi tutte le modifiche che ritenesse necessarie in qualsiasi momento e senza preavviso. Tutti gli ordini si intendono accettati salvo nostra approvazione e secondo i prezzi del listino in vigore al momento dell'ordine.

2) PRODOTTO

Le informazioni tecniche del nostro listino sono puramente indicative. Le conformità delle finiture non devono intendersi in senso tassativo poichè agenti ambientali esterni possono talvolta alterare l'aspetto del prodotto. I prodotti saranno considerati conformi ed esenti da vizi e difetti anche in presenza di difformità minori non rilevanti. Etrusca Italia Srl non si ritiene responsabile per difetti o mal funzionamenti causati da: a) Errori di installazione o messa in opera del prodotto; b) Utilizzo improprio del prodotto; c) Interventi non autorizzati sul prodotto dopo l'installazione; d) Esposizione ad agenti corrosivi e/o abrasivi anomali. I prodotti possono essere modificati, sostituiti o cancellati in ogni momento e tutti i tipi di informazione presenti nei nostri cataloghi, listini prezzi e materiali illustrativi sono indicativi. Le quotazioni presenti in questo listino, disponibile su richiesta anche in formato pdf, annullano e sostituiscono le precedenti relative ad articoli uguali, anche se il cliente non risulterà in possesso materiale della versione cartacea, che può essere comunque richiesta all'azienda oppure agli agenti o funzionari di vendita di Etrusca Italia Srl.

3) RESPONSABILITA' DELL' ACQUIRENTE E RECLAMI

La merce viaggia sempre a rischio e pericolo del committente (Art. 1510 del Codice Civile) anche se venduta franco destino. Al momento dello scarico deve essere controllata la corrispondenza dei colli segnati in bolla e deve essere verificato lo stato dei prodotti. Il destinatario, pena la decadenza di ogni eventuale diritto, è tenuto a controllare la merce che riceve segnalando per email, entro 48 ore, le difformità o i danneggiamenti al vettore apponendo sul documento accompagnatorio la seguente dicitura: “Materiale ritirato con riserva, poichè le confezioni presentano tracce o segnali di danneggiamento”. Una copia di tale riserva dovrà essere spedita immediatamente per email alla Etrusca Italia srl. In mancanza di tale esplicita riserva e di tale procedura decade il diritto ad un eventuale indennizzo o sostituzione in garanzia.

4) CONDIZIONI COMMERCIALI PER IL MERCATO ITALIANO

I prezzi sono da intendersi Franco Fabbrica ed IVA esclusa. Non saranno accettati ordini di importo netto inferiore a Euro 100 (Iva esclusa). Gli ordini con valore netto inferiore alle Euro 250 (Iva esclusa), verranno spediti in contrassegno, con spese di spedizione pari ad Euro 25, salvo diverse indicazioni. Per ordini il cui importo netto risulta superiore alle Euro 250 (Iva esclusa), verranno addebitate in fattura spese di trasporto pari ad Euro 25.

5) CONDIZIONI COMMERCIALI PER IL MERCATO ESTERO

I prezzi sono da intendersi Franco Fabbrica ed IVA esclusa. Non saranno accettati ordini di importo netto inferiore a Euro 500 (Iva esclusa). Per quei Paesi dove sono richieste documentazioni speciali (come ad esempio Certificato d'Origine), saranno addebitate spese pari a 30 Euro se l'ordine avrà un valore totale inferiore alle Euro 1000. Per consegne presso depositi in Italia, verranno addebitate in fattura spese pari al 3% dell'importo netto dell'ordine, da un minimo di Euro 25 fino ad un massimo di Euro 200.

6) CONSEGNE E TERMINI

I tempi di consegna variano da un minimo di 72 ore fino ad un massimo di 25 giorni in base alla tipologia del prodotto, salvo cause di forza maggiore o di materiali particolari non di serie. Gli ordini effettuati in date diverse non sono cumulabili e questo a valere sia per quanto riguarda i termini di consegna, l'addebito del forfait di trasporto e le spese di incasso delle RIBA. Etrusca Italia Srl, in caso di insoluti, si riserva il diritto di bloccare tutti gli ordini in corso fino all'avvenuto pagamento delle somme dovute. Per articoli con misure diverse rispetto a quelle presenti sul catalogo, le spese di spedizione potrebbero subire aumenti.

7) ARTICOLI SPECIALI

Per l' evasione degli articoli speciali è necessario un vostro ordine accompagnato da disegno con relative misure e dati tecnici, dopodiché faremo seguire nostro preventivo. Non potrà essere garantito alcun termine di consegna e non saranno accettati solleciti per l'evasione degli ordini di tali prodotti. Inizieremo la produzione solo dopo conferma scritta.

8) TRASMISSIONE DEGLI ORDINI

Per la trasmissione degli ordini, da effettuarsi esclusivamente per iscritto a mezzo fax o e-mail (non rispondiamo degli errori che dovessero essere riscontrati su ordini trasmessi telefonicamente). L'ordine dovrà tassativamente riportare il codice articolo, la descrizione e la quantità richiesta: in assenza di questi elementi, non si potrà procedere alla processazione dello stesso. Trascorsi 48 ore dal ricevimento degli ordini non si accettano annullamenti o variazioni (salvo casi eccezionali). Non possono essere annullati gli articoli relativi agli specchi su misura.

9) FORO COMPETENTE

Per ogni controversia insorgente, il Tribunale di Siena avrà competenza giurisdizionale.

The present general sales conditions are understood to be known and expressly accepted by the consignor for any type of order that is transmitted to Etrusca Italia Srl whether directly, by means of fax, telephone, through its agents or sales officials.

1) VALIDITY

This pricelist becomes effective from 01/01/2024. Etrusca Italia Srl reserves the right to make any modification that it deems necessary in any moment whatsoever and without advance notice. All orders are understood as being accepted subject to our approval.

2) PRODUCT

Technical informations presented in our pricelist are purely indicative. Conformities of the finishings shall not be understood in a strict sense since external environmental agents may sometimes alter the appearance of the product. Products shall be considered as being in conformity and free from flaws and defects also if they display minor and not-relevant differences. Etrusca Italia Srl shall not be held responsible for any defects or malfunctions caused by: a) errors in installation or in putting the product into operation; b) incorrect use of the product; c) unauthorized interventions on the product subsequent to its installation; d) exposure to corrosive agents and/or abnormal abrasives. Products can be modified, replaced or cancelled at any time and all information of any kind included in our catalogues, price lists or advertising materials are indicative. Quotations in this price list, available on request also in pdf format, cancel and replace the previous ones relating to identical items, even if the customer will not be in possession of the paper version, which can in any case be requested from the company or agents or sales officials of Etrusca Italia Srl.

3) PURCHASER'S RESPONSABILITY AND CLAIMS

Goods always travels at consignor's risk and danger (Art. 1510 of the Civil Code) even if sold EX-WORKS. The correspondence of the packages must be checked against those itemized in the write-off note at the time of the goods unloading and the status of the products must be verified. The consignee, upon the penalty of waving any right, is required to control the received goods and to notify by email, within 48 hours, any discrepancies or damages, by writing on the accompanying document the following: “Materials collected with reserve, as the packages show signs or evidence of damage”. A copy of this reserve shall immediately be sent by email to Etrusca Italia srl. In the absence of this explicit reserve and of failure to follow this procedure, the consignee shall no longer be entitled to any possible reimbursement or replacement under warrantee.

4) COMMERCIAL SALES CONDITIONS FOR ITALIAN MARKET

Prices are understood EX-WORKS and VAT exluded. Orders with net value less that Euro 100 (VAT excluded) will be not accepted. Orders with net value less than Euro 250 (VAT excluded) will be dispatched with cash on delivery payment, with shipping costs of Euro 25, unless otherwise noted. For orders whose net amount is higher than Euro 250 (VAT excluded) Euro 25 will be charged on the invoice as shipping costs.

5) COMMERCIAL SALES CONDITIONS FOR FOREIGN MARKET

Prices are understood EX-WORKS and VAT exluded. Orders with net value less that Euro 500 (VAT excluded) will be not accepted. For those Countries where special documentation is required (such as Certificate of Origin), a sum of Euros 30 will be charged if the order will have a total value of less than 1000 Euros. For any deliveries to warehouses in Italy, they will be invoiced charges equal to 3% of the net amount of the order, starting from a minimum of Euro 25 up to a maximum of Euro 200.

6) DELIVERIES AND DELIVERY TIMES

Delivery time vary from a minimum of 72 hours up to a maximum of 25 days depending on the type of product, except in cases of force majeure or particular non-standard materials. Orders that are placed on different dates may not be combined and this holds equally true both as regards delivery times as well the flat-rate transport charge and banking fees for processing the cash order. Etrusca Italia Srl, in case of outstanding payments, reserves the right to block all accepted orders as long as the outstanding payments are not sorted out. For items with different sizes than those in the catalogue, shipping costs may be subject to increases.

7) SPECIAL ARTICLES

In order to process orders for special articles, your order must be accompanied by a drawing with the related measures and technical data, after we will quote you an estimate. There shall be no guarantee regarding delivery times nor will any reminders be accepted for the processing of the orders for these products. We shall begin production only after having received your written confirmation.

8) TRANSMISSION OF ORDERS

The transmission of orders is to be carried out exclusively in writing via either fax or e-mail (we shall not be responsible for errors that may occur on orders that are transmitted over the telephone). The order must strictly report the item code, description and quantity required: in the absence of these elements, it will not be possible to process it. No cancellations or variations will be accepted (except in exceptional circumstances) after 48 hours from the receipt of the orders. Articles relating to custom made mirrors cannot be cancelled.

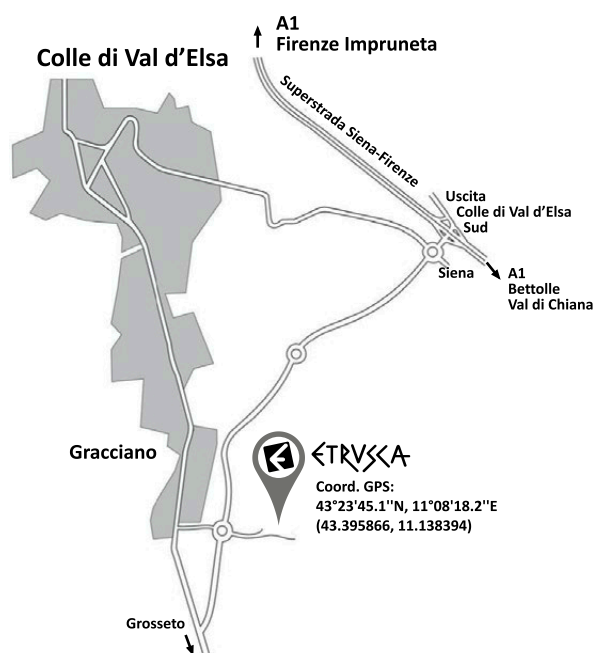

9) JURISDICTION

Any dispute arising , the Court of Siena will have jurisdiction.

Etrusca Italia Srl si riserva a suo insindacabile giudizio la possibilità di apportare eventuali modifiche allo scopo di migliorare la produzione.

Etrusca Italia Srl reserves the final judgement for the possibility to carry out future changes to improve production.
