Freepositioning.

FREE POSITIONING

concetto

La vasca freepositioning rappresenta l'evoluzione del design per la sala da bagno. Questa tipologia di vasca si distingue per la sua versatilità e la possibilità di essere collocata in qualsiasi posizione della stanza, in base alle esigenze e gusti specifici. Scegliere una vasca freepositioning significa scegliere un prodotto che unisce stile, eleganza e funzionalità, rendendo la sala da bagno un ambiente personalizzato e unico.

The Freepositioning bathtub represents the evolution of bathroom design. This design is recognised for its versatility and the possibility of being placed in any position in the room, according to specific needs and tastes. Choosing a freepositioning bathtub means acquiring a product that blends style, elegance and functionality, making the bathroom a customised and unique place.

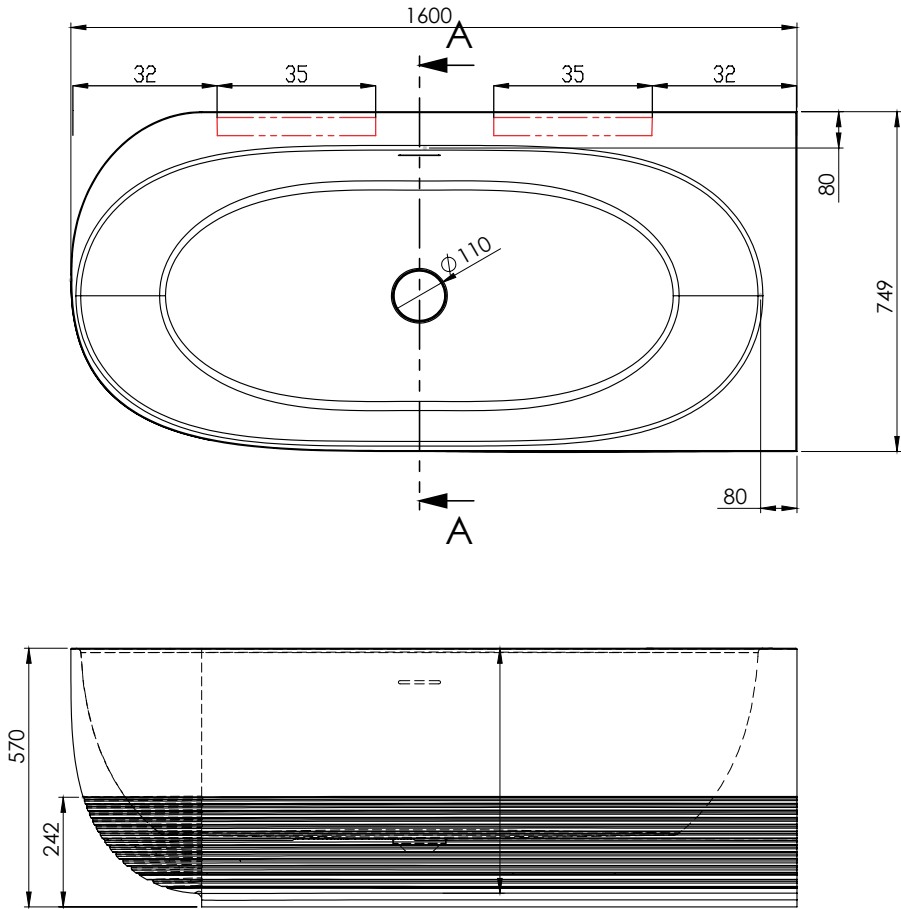

La baignoire à positionnement libre représente l'évolution du design des salles de bains. Ce type de baignoire se distingue par sa polyvalence et le fait qu'elle peut être placée dans n'importe quelle position dans la pièce, selon vos besoins et vos goûts spécifiques. Choisir une baignoire à positionnement libre signifie choisir un produit qui combine style, élégance et fonctionnalité, faisant de la salle de bains un environnement personnalisé et unique.
